ABOUT

ALL NINE YARDS: Modern Rock with Metal and Pop elements. Captivating riffs and melodies that will stay with you, brought together in a furious live show that goes nothing shy of the whole nine yards!

Since 2017 a EP, an LP and several singles have been released – end of 2023 the release of the next full length album is planned.

Up to today the band was able to garner over 2 million streams and 20k followers on Spotify alone... the #NINERS are continually growing in numbers.

Musically this is where worlds collide: Rock groove meets Metal riff downbeat and Pop melodies are layered with Hardrock – Somewhere between Stone Sour, BMTH and Guns n Roses:

ALL NINE YARDS

DIAN - LEAD VOX

“As long as it’s loud!” “Is my hair okay!?”

ABOUT:

Since he was nine E.D. has been involved in an intense musical career, spanning from studio productions to TV appearances. Next to being a gifted singer (and guitarist) he is the front presence that defines the full force of A9Y. He is not only a frontman, he is THE frontman destined to become a legend (if for nothing else than for his one of a kind silver shoes).

FORMER BANDS:

Numerous Studio productions / Atomic Blond

INSPIRATION:

30 Seconds to Mars / Bullet for my Valentine / Seeded

MARC - GUITARS & VOX

"F*** it, I'm doing it!"

ABOUT:

Coming from an English household he was born and raised with the likes of the Rolling Stones, Beatles and Queen instilled into him while still in the womb (not to mention the darkest possible English humor).

His Blues Rock lead guitar approach and love for dirty, grungy riffs is one of the defining cornerstones of the A9Y sound.

FORMER BANDS:

Fluid Enc. / GritSpit / GraustufeRot

INSPIRATION:

Guns n Roses / Queen / Stone Sour

THOMAS - GUITARS

"Coffee? Is okay!"

ABOUT:

As a purely self taught guitarist he has no idea what a C Major actually looks like... but who needs that when you can write bad ass riffs right?

His unorthodox playing style adds just the right flavor to the one of a kind A9Y mix. Next to his rythm guitar activities he works as a part time Daniel Craig double.

FORMER BANDS:

Led Astray / Plusmatic / GraustufeRot

INSPIRATION:

Rage against the Machine / Machine Head / Faith No More

STICK P. - DRUMS

“Never underestimate the Boom Boom Tschack!”

ABOUT:

He is the driving force behind the push pull rythm that defines A9Ys undeniable groove.

If everything else fails, he is on the 1! (Rumor has it, that he might be making it a bit easy for the bassman)

FORMER BANDS:

Caught in a Mirror, Bluespilz, I Volunteer, Crashburn

INSPIRATION:

Saga / ACDC / Linkin Park / Metallica / BMTH
